The P O T

POURRI  
*of Nineteen Thirty - Three*

IN 1714, LAMOTHE-CADILLAC, Governor of the French Province of Louisiana, desiring to establish trade relations with the Spanish Provinces of Mexico, sent Louis Juchereau de Saint Denis, to direct the enterprise. This de Saint Denis, younger son of an ennobled Canadian family, the Juchereaus, was an ideal choice for the position. M. Le Page du Pratz, the historian, said that de Saint Denis deserved to be governor of the whole colony, since he was as prudent an administrator as he was a brave officer.

de Saint Denis located the new trading post as far up the Red River as the Great Raft, a mass of drift wood, would permit navigation. At this point Natchitoches now stands.

HAVING established a trading post at Natchitoches, de Saint Denis set out for Mexico with a pack train carrying valuable merchandise to trade with the Spanish colonists.     •     •     •

The long and hazardous journey was one of the first expeditions of its kind, and was destined to make Natchitoches the focal point of an overland international trade continuing for over a hundred years     •     •     •

# ADMINISTRATION

W. W. TISON

President of the Louisiana State Normal College

*To the Students of the Louisiana State Normal College—Friends:* Children, youth and adults of our country are seeking self-improvement in educational institutions from the elementary schools through colleges and universities. Increased enrollments at all distinct levels in education reveal the fact that there is a great desire for culture and learning.

To satisfy such want, educated, sympathetic and enthusiastic leaders are needed. Therefore, it is a pleasure to know that you as students of the Louisiana State Normal College are meeting your responsibilities by preparing yourselves for constructive leadership.

I hope that your efforts to acquire useful knowledge and to achieve aims worthy of true citizens will be successful.

Sincerely,

W. W. Tison.

# PRESIDENT AND DEANS

## A MESSAGE FROM THE DEAN OF MEN

The following is presented as a statement of the principles which guide those in authority at our college in regard to all activities, but more especially in regard to athletics:

That an alert active mind be developed in a strong, virile body; that impulse be restrained by reason, and self expression limited by law; that estimations made by others be recognized and accepted at their proper values; that the courteous word and chivalrous deed be present even in the heat of combat, the flush of victory or the sting of defeat.

H. LEE PRATHER.

Dean of Men

## A MESSAGE FROM THE DEAN OF THE COLLEGE

It is said that an educated person is one who has the ability to adjust himself harmoniously to new circumstances. During the present economic crisis, therefore, let us rely on those more noble traits of character—faith, courage, endurance, a love for all that's noble and good—lest we falter.

FREDERICK ARTHUR FORD.

FREDERICK ARTHUR FORD

ETHEL L. HEREFORD  
Dean of Women

## A MESSAGE FROM THE DEAN OF WOMEN

To you who are leaving, my message is to take with you any worthwhile thoughts and ideals that have come to you while here. For you who will remain, my hope is that we may strive for a clearer understanding and confidence so that together we may learn true values of life.

*"To know, to esteem, to love—and then to part,  
Make up life's tale to many a feeling heart."*

ETHEL L. HEREFORD.

DE SAINT DENIS upon his arrival in Mexico was imprisoned, for trading with the French was under the ban of the Spanish King.

He was released at the intercession of a former companion-in-arms, who recognized him, and of Dona Emmanuelle Sánchez de Navarro, daughter of the commandant, with whom he had fallen in love. Subsequently they were married with great ceremony at the Spanish port of San Juan Bautista (now Eagle Pass) and returned to Natchitoches. »

## MAP OF NATCHITOCHES

Drawn by J. F. BROUTIN, Engineer, in 1722.

THIS map of Natchitoches was drawn in 1722, over two hundred years before the publishing of this Potpourri. The pages of this book have portrayed to you college life on the present campus. It is almost impossible to realize that this same campus with its modern educational system, was once the site of daring military operations, and the scene of the romantic and adventurous career of the swashbuckling St. Denis.

DE SAINT DENIS, in common with most of the French settlers, fraternized with the Indians. M. LePage du Pratz, the historian, says: "The savages were devoted to him and at a sign from him thirty thousand warriors would have assembled to serve under him." » » » »

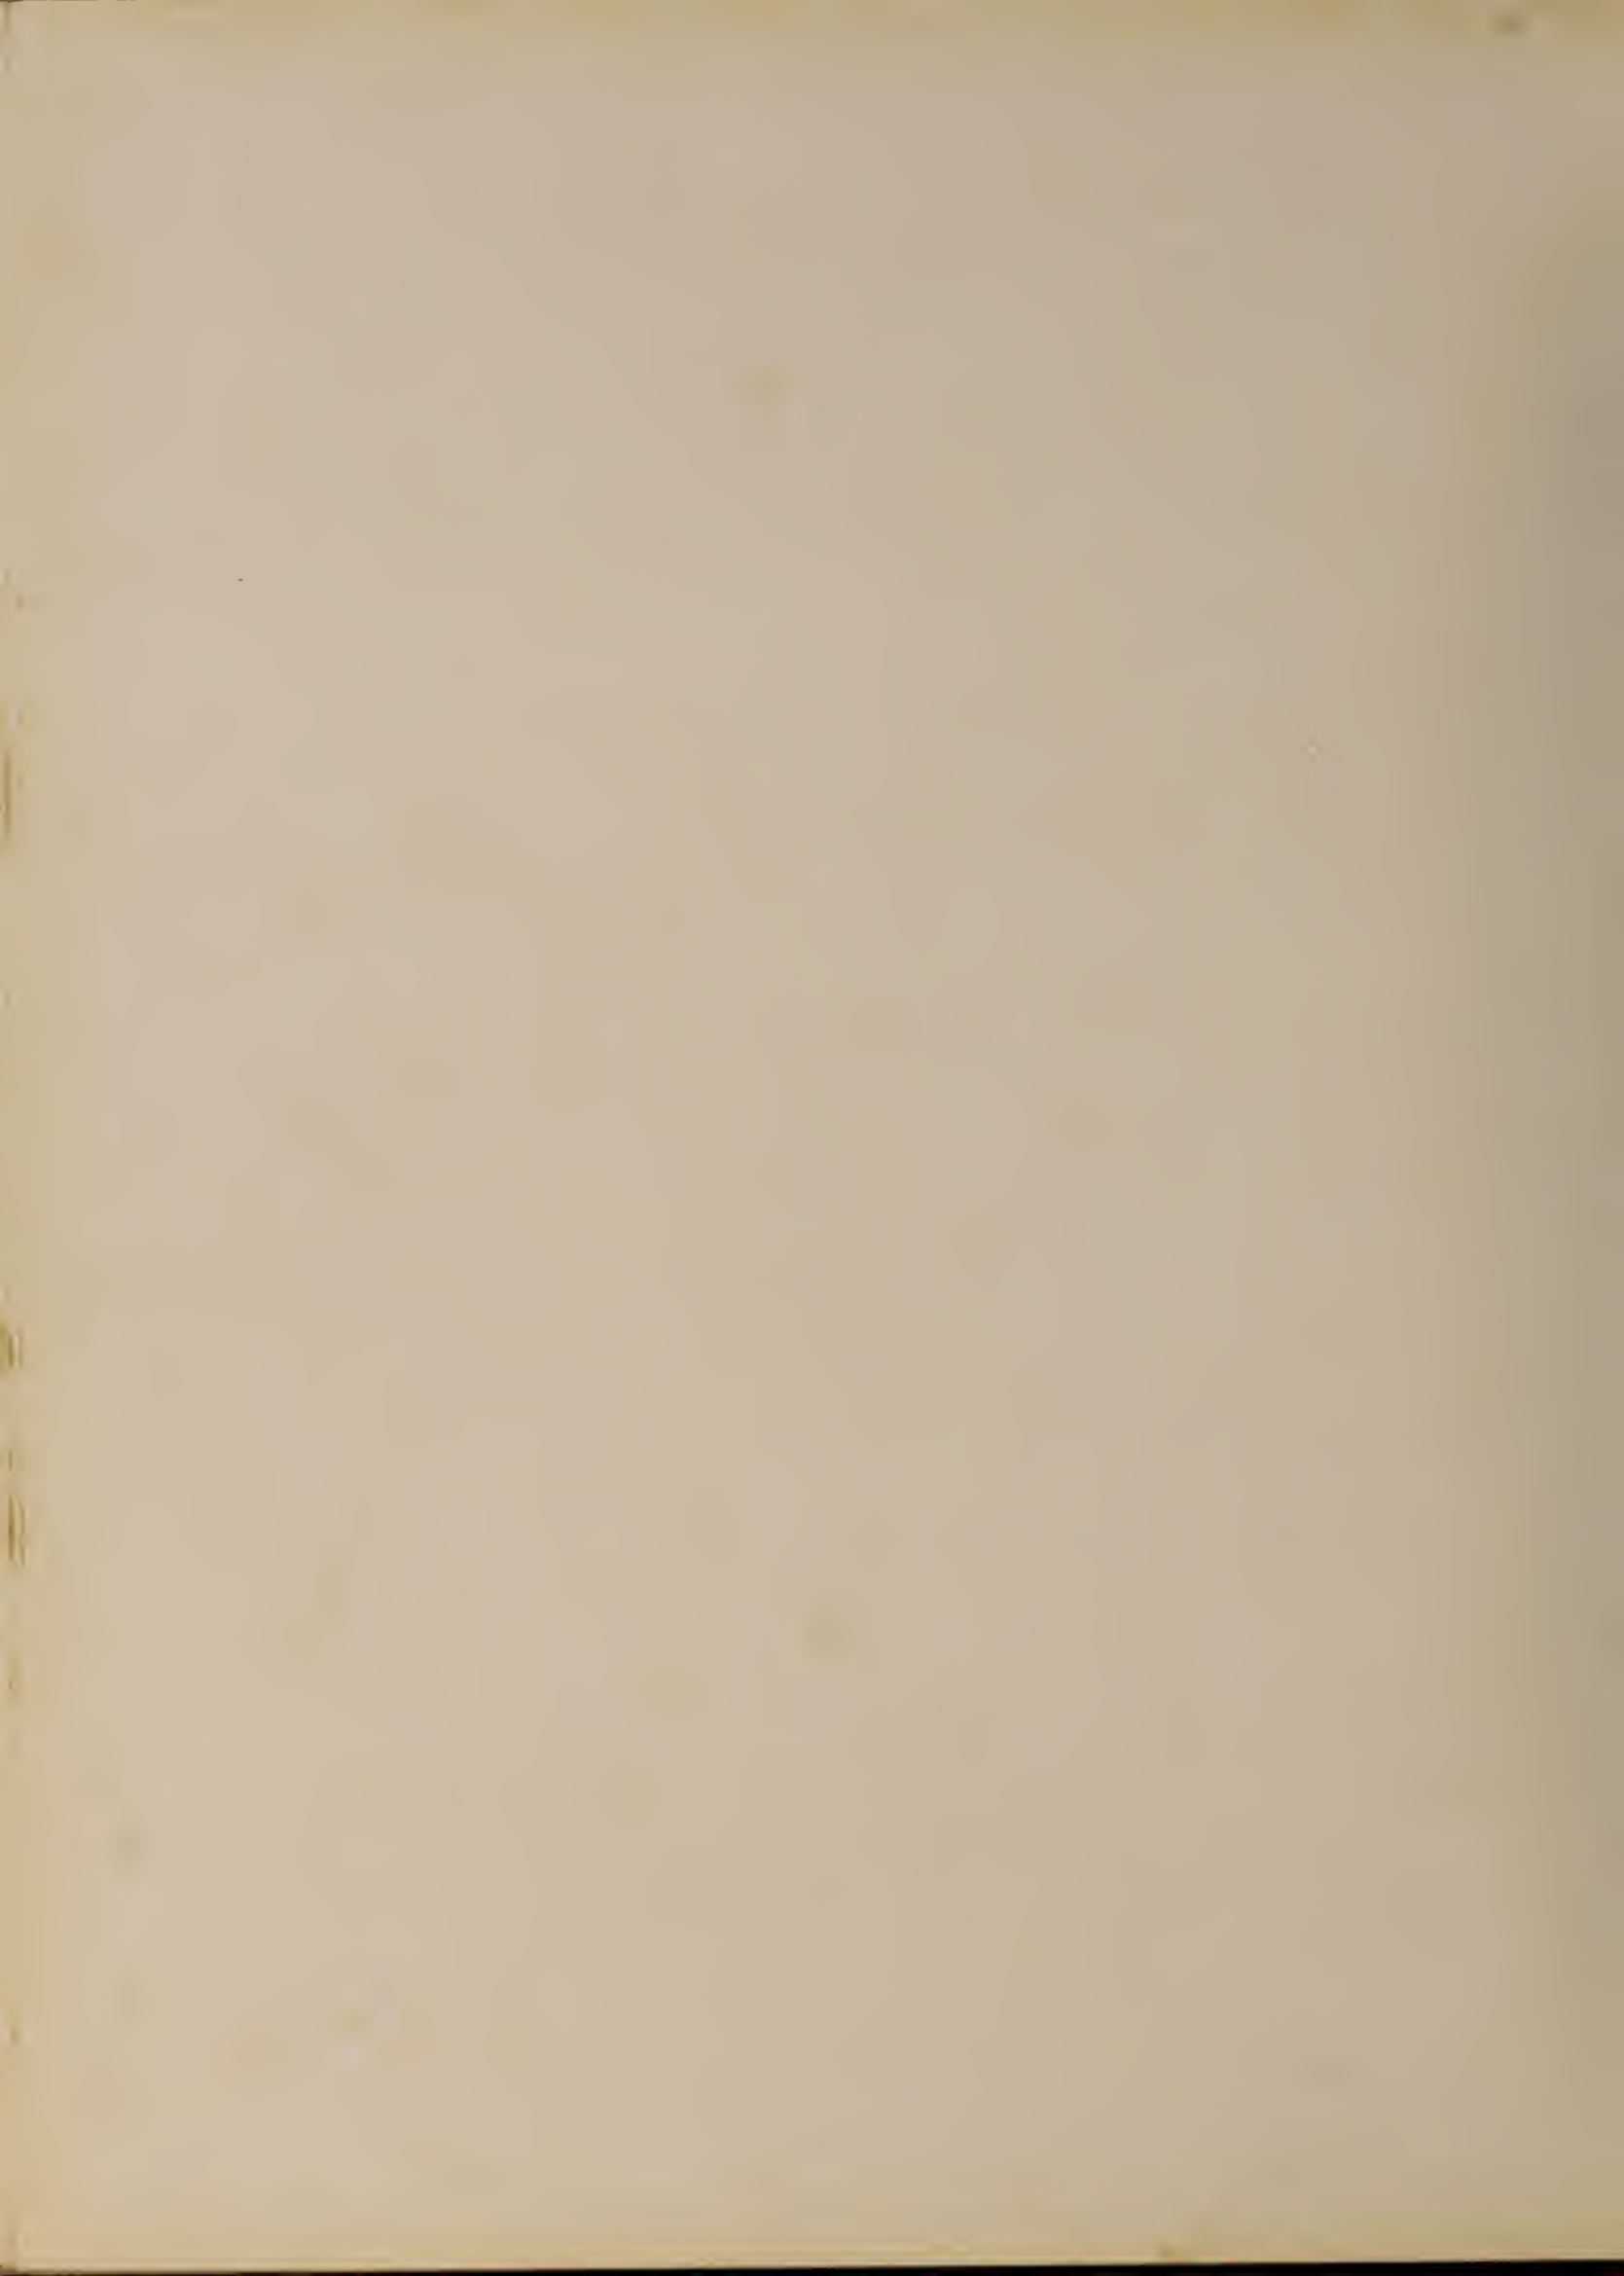

The notable feature of this attachment was that these Indians lived in Spanish territory and were subjects of the Spanish Kings.

YEA DEMONS

# THE NORMAL D

## NORMAL'S 1932 FOOTBALL SEASON

The Normal Demons completed their most successful grid-iron campaign during the 1932 season. Out of eight games played, the Demons came off with the decision seven times. Every team of the Little Four was met and defeated. By virtue of those wins, the championship of the Little Four automatically succeeded to the Normal, their second title in the last two years.

The showing of the 1932 squad is all the more remarkable when viewed in light of the fact that most of the players were sophomores, playing their first year upon the varsity. The graduation of eleven seniors from the 1931 squad left big gaps both in the line and in the backfield, and it was sophomores who filled those gaps and made it possible for the Purple and White to reign again over the Little Four of Louisiana.

The Demons played through a schedule that favored them no more than it did their opponents, four games being played

at home and four on the road. The boys had the honor of opening the season in the first night game ever played at the Normal. They were honored by Centenary College, of Shreveport, in being allowed to furnish the opposition on the day the Gents dedicated their new stadium. Despite the fact that Normal has had some wonderful players and fine teams in the past, the 1932 team will be remembered as the best all-round machine Coach Prather has yet developed.

## COACH H. LEE PRATHER

Coach Prather again demonstrated his ability to mold raw recruits into smooth working teams when he built the 1933 Little Four Champs almost wholly from Sophomores.

## ASSISTANT COACH HARRY TURPIN

Harry "Rags" Turpin deserves quite a bit of credit for his share in developing the Freshmen to the extent that they are able to make good for the varsity during their first year.

MURRAY LAMBRE

Owen J. finished his career as a Demon in the Louisiana College game. Owen was always full of "pep and ginger"; he guarded a one way gate in the center of the Normal line.

Dean was a tower of strength and confidence to his team-mates. His accurate snapperbacking greatly aided our backs in eliminating fumbles. He never made a bad pass.

Christo saw service as a center. From his performance at this post, he is the man for the regular center berth next year.

"Tony" gained experience this year as a reserve tackle that will make him valuable as a regular next season. He is big and has the fighting spirit.

Murry fought his way onto the team by hard work and after he made good was forced to the sidelines with a broken leg. He is light, fast, and a deadly tackler.

Billy "Koo" West tore down the walls of tradition so far as football is concerned when he became a regular tackle at only 163 pounds. He made up for his lack of

weight by his uncanny sense of diagnosing the play of the opposition.

Gaiennie is a speed merchant when it comes to carrying the pigskin. His end runs were not only beautiful to watch but were a real factor in our winning the Little Four Championship.

Lawrence worked hard in the role of a reserve last year and this season he was promoted to the varsity. He was an asset to the team and we expect still more from him next year.

Boucher graduated from the yearling team last year to find a surplus of ends already out for the team. In the face of stiff competition he played in several games and toward the end of the season had to take a regular berth which he filled to his and the Normal's credit.

Duke is one of the sophomores who made this year's varsity. Duke displayed ability and promise of filling the shoes of Seward when next year's team takes the field.

Coach dreams of developing but who in actual play is seldom seen. "Pop" can pass, kick, run with the ball, and block with the best of them. He was Coach's choice for Captain of the team.

Miller is a model athlete; possessing all the physical advantages of a great end, he studied the game while playing it, was rarely out of a play, and in S. I. A. A. circles has no peer among the wingmen.

Faize came out this year with a spirit that could not be denied. He handled the team in such a way that

he got plenty of praise for himself and at the same time won a championship for Normal.

"Doaky" played several positions in the line with exceptional consistency. He kicked off for Normal, and in all round ability was one of our most valuable men.

Willie played the game for all there was in it. He could block in the line or swing out in the interference; for these reasons he aided the team's offense as well as its defense.

do and does it in a big way. He has two more years of play—a fact we all appreciate.

Buddy proved his worth on several occasions but the Southwestern game was his masterpiece. A halfback by trade, he substituted for an end and played one of the best games of his or any other end's career.

George lived up to his name. To the opposition he was a herd, one that trampled, battered and plunged over them time and again. He has two more seasons to stampede for the Demons.

Jones was a regular end and, before an injury incapacitated him, played some great football. He will be back for his last year in 1933.

#### RECOGNITION

Bill Dodd has been prominent on the campus in publications work for Sports. He served as Sports Editor for the *Current Sauce* for the past two years, and as Sports Editor for the *POTPOURRI* this last year. He has been chosen to serve as Editor of the *POTPOURRI* for 1934.

# THE BASKETBALL SEASON OF 1933

The 1933 Demon Basketball quintet lived up to the high standards set by Normal cagers of the past when they completed another successful season this year. The Prather boys won approximately two-thirds of the games; which, when considering their formidable opponents, was an exceptional feat. Teams from Louisiana, Mississippi, Tennessee, and Texas were met in the 1933 schedule.

The teamwork that was displayed in the close games explains the fact that Normal basketball teams always play before packed houses, at home or away.

The Demons, together with the Centenary Gentlemen, were picked to represent Louisiana and the Second District in the S. I. A. A. Conference at Jackson, Mississippi.

In the first round of the tournament, the Normal Demon cagers drew Eastern Kentucky State Teachers, and with habitual fast play, defeated their opponents. This win meted them the play against Millsaps, one of the strongest teams in the Conference, who, with two lucky goal pitches, were able to nose out the Demons. This was certainly not an inglorious defeat, as Millsaps later went to the semi-finals of the Conference.

### FRESHMAN BASKETBALL

\*

The 1933 edition of the Normal Freshman basketball squad began the season with several former high school stars who fast developed into a smooth working Imp team.

The Imps met and defeated many of the best high school quintets of this section. They also won from the Tech Bullpups, who are always well represented in the cage sports.

Considering the size, ability, speed, and experience of the Imps, several of these youngsters will see service with the varsity next year.

# The PLAYERS

## DUPREE, *Center*

Dupree was an understudy to Doughty and was seen in little actual competition this year. He is a big, husky fellow, however, and will come in handy during the 1934 campaign.

## MILLER, *Guard*

Ray Miller finished his college basketball career during the past season. Ray is a fine example of the type of player who shines on any Prather-coached team. He is big, aggressive, fast and cool in a pinch. Ray was picked on the Associated Press All-S. I. A. A. Basketball Team in 1932—for a guard position.

## PERKINS, *Forward*

Perkins is a natural athlete. He moves around the court with the smoothness and quickness of a cat. He shoots from any position and his throws are seldom wide of their mark.

## GREEN, *Forward*

Green was the savior of several games in the early part of the season. When the regulars began clicking he was forced to the bench, but next year he will be expected to fill a regular position.

## CARVER, *Forward*

LaVerne Carver is the most elusive forward in the S. I. A. A. and his fakes and pivots have baffled opposing guards for the last three years. He is a good defensive player, which makes him all the more valuable to the team. He will be irreplaceable next year.

#### WHITTINGTON, *Guard*

"Little Whit" saw service in several games this season. He gained experience that will make him a formidable candidate for a regular berth next year.

#### MAXEY, *Forward*

Maxie failed to get going this season, but he has the fight and spirit that it takes to become a regular. He will be back next year.

#### WEST, *Guard*

Charles West lacks some of the natural ease that is born in most good players, but he makes up for this by careful study of opposing players and one hundred per cent alertness at all times. He seldom leads the team in points scored, but throughout the season he was the bulwark of Normal's defense. He was Coach Prather's choice for Captain in most of the contests.

#### TULLOS, *Forward*

Tullos pushed the regular forwards for a berth on this year's starting fives; with continued improvement he will be a mainstay of the "34" quintet.

#### DOUGHTY, *Center*

Doughty is the only Sophomore regular of this year's team. He is the first tall, rangy center Normal has had since Kennie Hanchey, and is one of the best. He developed as the season progressed. In the last few games, he played almost perfect basketball.

# WOMEN'S ATHLETICS

---

EVERY opportunity is afforded the women students at Normal for participation in some sport or physical activity. These activities fit into each girl's scheme of living, not only while she is in college, but after she leaves.

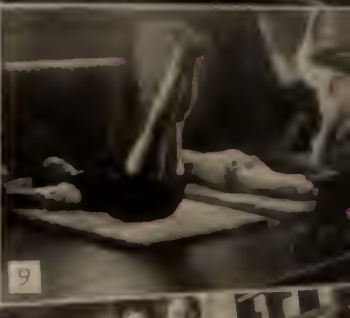

The sports program is seasonal. Fall interests are soccer, rowing, tennis, volley ball and other minor sports. Winter sports are hockey, basketball, and hiking. Spring brings to the fore baseball, rowing, track and field, tennis, archery, Newcomb, and in the late spring, swimming in a salt water pool. Summer centers around rowing and swimming, with lighter sports such as croquet, horseshoe pitching,

and volley ball. Dancing is always in season and popular.

Competition of intramural tournaments, both inter-class and inter-club are held. The sport cups are engraved with the names of the winning team each year. The Women's Athletic Association organization sponsors all tournaments. Any girl interested in participating in sport or physical activities is eligible for membership.

There is something in play every girl receives that is of creative value to her, and to society through her. Contacts made in sport play a great role in influencing our life attitudes.

DE SAINT DENIS did not fail to use forceful means of dealing with the Indians when necessary. According to Fortier, when the Natchez Tribe invaded his territory in the Summer of 1731 and attacked his fort, he routed them completely, killing sixty without losing a single man

### HISTORICAL SKETCH

Eta chapter was organized at Normal in May, 1931. Membership is limited to students who major in Chemistry or Physics. Such students must have earned twenty-one term-hours in Chemistry or Physics, or both, and must average  $2\frac{1}{2}$  quality points per term hour. The purpose of the fraternity is:

1. To promote interest in the study of Chemistry and Physics;
2. To encourage high standard of scholarship in these subjects;
3. To provide recognition for those attaining this standard.

## STUDENT CONVENTIONS

As the old philosophy that education is the transmission of facts is giving way to the new trend of thought that education is the release of creative energies and capacities, that it is the proffering of knowledge which is to be questioned, to be doubted, to be criticized, to be analyzed, with judgment and acceptance to be withheld until that knowledge has established its verity; so in our every-day lives rather than allow circumstances to thrust upon us what might have been avoided through frank and open discussion, questioning, doubting, analyzing, challenging:

. . . To rob principles and institutions of their false sanctity, leaving them only their reasonableness, which if wanting renders them subject to replacement by those based on logic and straight thinking.

—GEORGE GUTTNER

WARD and BUTLER, delegates to Eighth Congress of the National Student Federation of America, New Orleans, December 28-31, 1932.

GUTTNER, delegate to Southern Student-Faculty Conference, Atlanta, Georgia, December 28-31, 1932.

## NEWMAN CLUB

The primary purpose of the Newman Club is to impart religious instruction to Catholic students in non-sectarian institutions of learning. As a guiding influence in their work, the Newman Club members look to the life of Cardinal Newman for inspiration to lead them in their endeavors. As a social service project, the club makes large contributions to the needs of "Little Doris," an orphan in the Pineville Orphanage. The club sponsored the sending of delegates to the Province Convention in Baton Rouge, Louisiana, and to the National Federation of College Catholic Clubs Convention in Los Angeles, Cal.

# BAPTIST STUDENT UNION

The Baptist Student Union was founded at the Louisiana State Normal College in 1927 as a part of a state and South-wide organization. The local organization works through a council and sponsors a college department in the Sunday School of the local Baptist Church, a Young Women's Association for missionary study, and a Baptist Young Peoples' Union.

The B. S. U., a connecting line between the local Baptist church and the students on the campus, strives to develop the students spiritually and socially.

## FRESHMAN COMMISSION

†

The Freshman Religious Organization Commission represents the efforts of the three religious organizations on the campus, Y. M. C. A., Y. W. C. A., and Newman Club, to foster constructive student endeavors. It is an honorary organization, the membership of which is held by students who have distinguished themselves as leaders in school activities, particularly in religious groups. The Commission aids in the orientation of freshmen, in rallies, and other school events.

## THE DRAMATIC CLUB

AND

## ALPHA PSI OMEGA

NATIONAL DRAMATIC FRATERNITY

The Davis Players, the Dramatic Club of the Louisiana State Normal College, was organized in 1923 by Mary Frances Davis (Mrs. J. O. Pettis). In the spring of 1933, fifteen members of the club petitioned and were accepted as Delta Eta Cast of Alpha Psi Omega, National Honorary Dramatic Fraternity.

A certain amount of ability to portray characters, an interest in stage direction and management or play writing is required for membership in the club. Qualifications for Alpha Psi Omega are the participation in the major role of one long play or two one-act plays; minor parts in four long plays or five one-act plays; the writing and producing of a play; or efficient work as stage manager, designer, or director.

An additional feature of the Dramatic Club is the sponsoring of the Annual Lesche Play-writing Contest. These plays are written and produced by students, the winner receiving a prize of ten dollars.

## THE ENGLISH CLUB

The English Club of the State Normal College functions as a group to study matters of importance to prospective teachers of English in the high schools of the state. The work pursued during the fall term was the study of the work of Southern writers, supplementing the class work of the college.

Professor S. M. Byrd, head of the English Department, who is sponsor, lectures to the club, acquainting the members with matters which the superintendents of schools throughout the state expect of them.

The work of the winter term was the studying of present-day authors, short-story and novel writers whose work is not taught in the college classes.

## EUTHENICS CLUB

The Euthenics Club was organized in 1926 by Grace Dexter, former head of the Home Economics Department at Louisiana State Normal College, for the purpose of promoting an appreciation for the home, its decoration and management, and for fine living and general culture.

The name Euthenics means better environment and right living, and it is toward these ends that the club earnestly strives. This tendency is shown in its programs pertaining to both the scientific and cultural phases of home-making.

The Euthenics Club is a member of the National Home Economics Association and at the last convention of this association in June, 1932, held in Atlanta, Georgia, Bernice Woods and Agnes Allen were sent as delegates.

# DEMONETTES

In the fall of the year 1931, a Physical Education Club was organized, choosing for its title "Demonettes"—to keep company with the Demons. The club was sponsored by Mrs. Thelma Kyser, under direction of the Department of Physical Education.

The "Demonettes" were organized with a two-fold purpose in view: (1) To create wholesome recreation for its members, and (2) to create an interest in women's athletic activities. During the fall term, the membership was increased a great deal over last year's enrollment.

The "Demonettes" are doing great work and expect to do even greater work in encouraging as well as taking part in various sports for women. The club also has a social committee that adds "pep" as well as vitality to its members.

### HISTORY OF ASSOCIATION

The Women's Athletic Association, which was organized on this campus in 1925, has for its purpose to develop sportsmanship, leadership, and good health, and to increase the physical efficiency of its members. Since 1925, this organization has increased in membership from twenty girls to over two hundred.

Each year honors are given to the high-point girls for actual participation in the sports, for good health, and for scholarship.

# SOCIEDAD CERVANTES

This organization is composed almost entirely of students who are majoring in Spanish. The main purpose of the club is to study the literature, customs and the national life of Spain and other important Spanish-speaking countries.

Sociedad Cervantes has grown into a splendid society under the leadership of Miss Corinne Saucier, and has proved of great benefit as well as a pleasure to all its members.

It is directed by Mrs. Valona Brewer, of the Music Department.

## MEN'S GLEE CLUB

The Men's Glee Club is composed of twenty-two voices. It is under the direction of Lorraine Brittain.

## WOMEN'S GLEE CLUB

The Women's Glee Club is composed of a group of selected voices, and has as its director, Lillian Gerow McCook.

## SYMPHONY ORCHESTRA

The Louisiana State Normal College Symphony Orchestra is composed of twenty-five players, thus making a complete symphonic instrumentation. It is under the direction of Gilbert Saetre.

## PIRATES OF PENZANCE

The two Glee Clubs and the Orchestra, with the cooperation of the Art and Dramatic Departments of the College, presented during the winter term, a Gilbert and Sullivan operetta, "The Pirate of Penzance."

"AS YOU LIKE IT" —  
PRODUCED LATE SPRING, 1932

## DRAMATICS

Under the direction of Annetta L. Wood, the Dramatic Club presented in the spring of 1932, the Shakespearean comedy, "As You Like It." During the summer, there was held a dramatic festival, consisting of three one-act plays, presented in the open air theatre. The two plays sponsored this year are "The Queen's Husband," by members of the club, and "The Jade God," by an all-school cast. Another Shakespearean play will be presented in the spring.

"THE QUEEN'S HUSBAND"  
PRODUCED FALL, 1932

BUTLER, CAGLE, DODD, FLOURNOY

## THE DEBATE SQUAD, SPRING, 1932

The debate squad of 1932 had as its aim to train a large number of students in public speaking rather than the actual winning of contests. However, of the thirty-six votes cast by the judges of the thirteen contests, Normal won sixteen. Any student who appeared interested and attended the special meetings was allowed the opportunity to debate.

The question was, "Resolved: That Congress should enact legislation providing for the centralized control of industry."

Interest aroused was shown in a larger number coming out for debate in 1933 for discussion of the proposition, "Resolved: That the United States should cancel all Inter-Allied War Debts."

The debate squad for 1932 consisted of Noralee

Butler, Ozell Cagle, Liller Sprowl, Madelyn Kerr, Alma Flournoy, W. J. Dodd, Henry Pierson, Eugene Watson, Youree Watson, and Lester Lieber.

## ORATORICAL CONTESTS, 1932

Two freshmen students of the Louisiana State Normal College won first places in State Oratorical Contests during 1932.

MISS MADLYN KERR won first place and a prize of thirty-five dollars with her oration, "The Hope of the World," in the Annual State Oratorical Contest for Women, which was held at Louisiana College, in Pineville, on April 29.

HENRY PIERSON won first place and a prize of sixty dollars in the Annual State Peace Oratorical Contest for Men, held at the same place.

This is the first time that students of this college have won first place in both contests.

# CURRENT

*The Current Sauce* is a bi-monthly newspaper published by the student body of the Louisiana State Normal College.

In addition to the regular news and editorials, the paper includes such special feature articles as the "Sauce Pan," "We're Sleuths," and "Katty Korner." Some of the new features of the paper include a cartoon strip and an enlarged Exchange. The paper also supports the Writing Club and has sent copies of the *Current Sauce* to recently graduated alumni and any other person who wanted a copy.

One of the biggest aims of the *Current Sauce* for the past year has been to encourage student opinion and to publish the articles submitted.

# THE POT

The purpose of the staff of the 1933 POTPOURRI has been to produce a year-book worthy of the Louisiana State Normal College, in spite of the fact that they were compelled to work with a greatly restricted budget. In order to do this, it has been necessary to plan carefully, and to adhere strictly to a resolution made early in the school year, to strive for simplicity in language and decoration, although the theme developed is of a period of ornateness and ostentation, even in daily life.

Many of the traditional features of the Normal year-book have been discontinued. Some of the new features are: increased size of the book, full-length photographs used for beauty section, special view photographs taken by a Shreveport artist, the keeping of beauty contest announcements secret until publishing of book, use of the authenticated life of a local historical character as a theme.

The 1932-33 POTPOURRI was published under the direction of Charles Cunningham, Editor, with Misses Ora Garland and Annetta L. Word, and Mr. Joe Webb serving as faculty advisers.
